

CONFIDENTIAL

DD/R-50-62

MEMORANDUM FOR: Inspector General 2 April 1962

REFERENCE : Action Memorandum for DD/R, dated 27 March 1962

Enclosed is a copy of the draft NRO directive which has been revised slightly since it was discussed at the President's Board. It was my impression that Mr. McCone had not left a copy with the Board since it had not been finally agreed to by Gilpatric. Therefore, I recommend checking with him prior to forwarding this to the Board. He has not seen the latest revisions but I believe they are in agreement with his thinking.
